TALKING POINTS FOR YOU

■ COVID-19 vaccines are scarce, and we must be patient while demand for the vaccine remains higher than the available supply. As vaccine supply increases, more and more Ohioans in Phase 1B will be able to be vaccinated. Eventually, as vaccine becomes widely available, all Ohioans who choose to be vaccinated will be able to receive COVID-19 vaccines.

■ **Average Weekly Phase 1B Vaccinations** ([JPG](#))

Each week, Ohio receives approximately 140,000 doses of COVID-19 vaccines to use on Ohioans in Phase 1B. With 2.2 million Ohioans in this group, the weekly impact gradually helps Ohio on the road back.

■ Help prepare your workers, volunteers and donors for when it's their turn for the vaccine. There are [resources](#) to help you share how the vaccine is safe and efficient.
